## CUMMINGS BRINGS MESSAGE OF CHEER

National Chairman and Other Leaders Speak To Great Gathering of Democrats

Madison county was well represented at the magnificent gathering of democrats held at Louisville Thursday evening, when National Chairman Homer S. Cummings brought a message of cheer and encouragement to the Kentucky Democracy.

In addition to Chairman Cummings, who delivered the main address at the banquet at the Seelbach Hotel, talks were made by Judge Alex P. Humphrey, of Louisville, Mrs. Cora Wilson Stewart and Judge C. A. Hardin, and Miss Alice Lloyd. The speech of Mrs. Stewart, probably the first political address by a woman for democracy in the state, made a decided hit with the big assemblage and she was given applause that was enthusiastic in the extreme by the democrats for her splendid reasoning why the new women voters should join the Democratic party.

Given a united party, leaders and a policy commending itself to rank and file of the people, the Democratic party of Kentucky may be sure of Kentucky, Judge Humphrey declared in his remarks. Discussing the party leader needed at this time, he said he did not care how a man voted in the "political hurly burly" of the past if he were trained in the arts of civil life, gifted with power to cultivate arts of peace and had experience to show that he was gifted. "I do not care how many tickets he has voted or how many he has scratched," he said, "I believe that there is such a man."

Mrs. Stewart declared that the "Democratic party is the one that offers to woman the idealism which her soul craves." She pointed out that all the achievements of the party held a special appeal to women voters. She said:

"The Democratic party offers to woman the principles which her intelligence and her conscience can uphold. In the choice of party there are four things to be considered: first, its principles; second, its purposes; third, its achievement; fourth, its leaders."

The Democratic party was the first to propose a Department of Labor, income tax, election of U. S. senators by popular vote, abolition of polygamy, and improvement of health conditions through a health bureau. A party may not be known by its leaders but it can be judged to some extent by the men and women that it attracts. The difference between the Republican party and the Democratic party is that one stands for vacillation and timidity in government, the other for strength and purpose. One stands for obstruction, the other for construction; one promises, the other performs. One finds fault, the other finds work.

"The Democratic women of Kentucky will see to it that only the best men, the representative men, those true to type are put up for office and will see to it that the issues are such as are worthy of our ardent support."

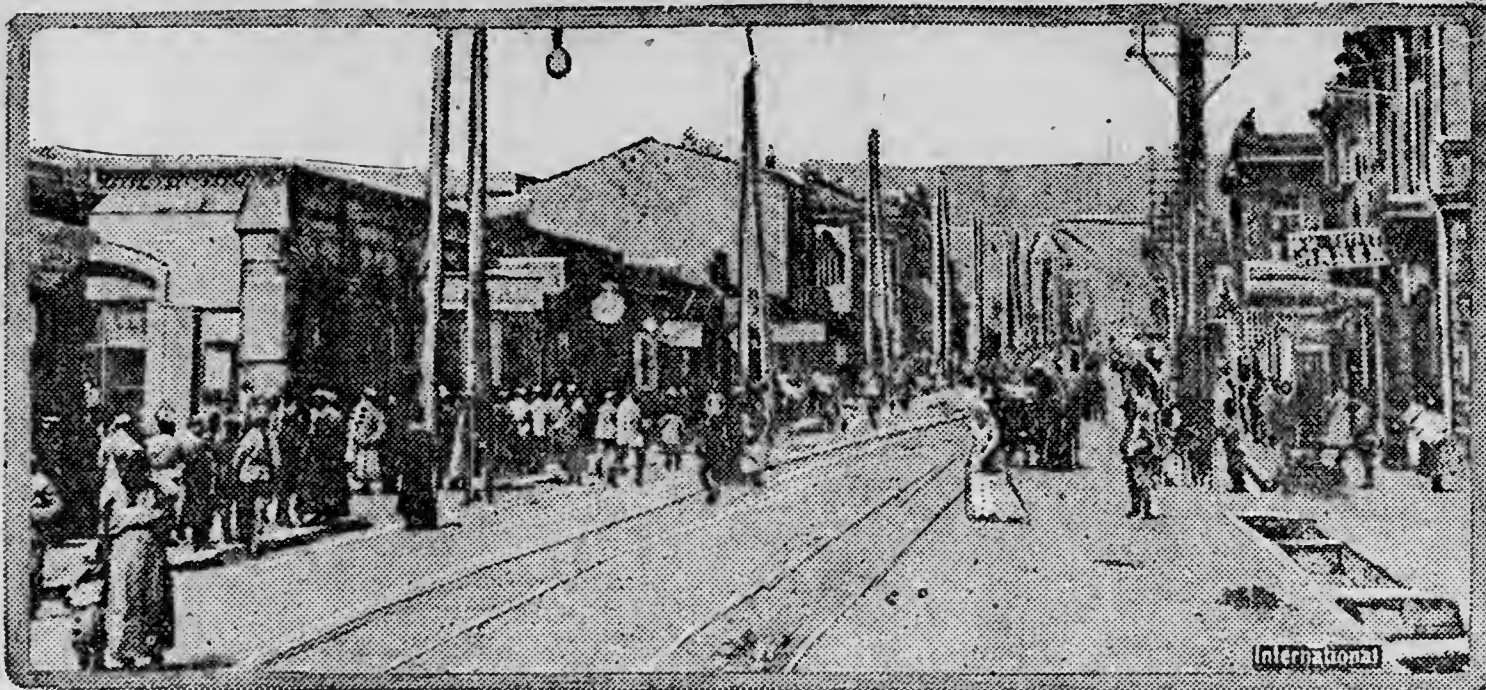

Mrs. Stewart vigorously arraigned the Morrow administration and declared that "no proposition can be presented to the present governor with any degree of success without getting the consent of Ohio, and Indiana and then to get them you have to go through Illinois." She referred to Maurice Galvin, of Cincinnati, Col. Hart, formerly of Indiana, and Gov. Morrow's private secretary who was a newspaper man of Illinois before he was brought over into Kentucky by the republican leaders.

Chairman Cummings' address was a masterpiece of democratic argument, and held his hearers spell-bound till he finished. He charged the republican majority in congress with wasting two million dollars for "smelling committees" appointed to ascertain whether there was any graft in the conduct of the war, but instead of finding anything of this, their investigations showed that this was the cleanest war probably ever conducted in history.

"The finger of scorn does not point to one single Democratic official," he asserted. "The Republicans have been in control of congress for 8 months. They went in under false pretenses. They outlined a program of reconstruction which looked well in the newspapers. They have not only postponed world peace, interfered with American commerce, brought the rate of exchange tumbling down to a point hitherto unknown but aside from railroad legislation of doubtful value, they have not passed one single constructive act. Had a Democratic congress been elected, the treaty of peace would long ago have been ratified and American enterprise and industry would be thriving."

"Of course it was an expensive war"

## FINAL TREATY VOTE MAY COME TODAY

(By Associated Press) Washington, March 19—Preparing for a final vote on ratification of the peace treaty, the Senate today adopted Senator Lodge's modified preamble, worked out in the bipartisan conference under which affirmative acceptance of the reservations by the other powers will not be required.

### AMERICA REMONSTRATES

(By Associated Press) Washington, March 19—"Strong remonstrances" have been made by the American government against the ruling of the Allied Reparations Commission that under the peace treaty the sale of certain German property in neutral countries can be forced, if necessary, to satisfy initial payment of the German indemnity. Under Secretary Polk, of the State Department, said a further protest is being prepared because such a construction of the treaty is contrary to the official interpretation and would prejudice general economic reconstruction and provide a dangerous instrument for the government dominating the Reparations Commission to control private trade with Germany.

he said at another point, referring to its cost. "All war is expensive. We poured out our wealth in abundant measure, but I for one, would have rather spent a billion dollars for shells that were never exploded than to have had one American boy on the firing line minus an essential cartridge. I may not understand the spirit of America but I do not think that America cares to measure money against the blood of American soldiers and when we talk about the expense of this war, permit me to remind you what we bought with it—we bought with it the freedom and safety of the civilization of the world."

Mr. Cummings spoke to a gathering of about 50 of the democratic editors of Kentucky at a luncheon at 1 o'clock Thursday upon whom he made a splendid and lasting impression. He told them that the democratic outlook is today 50 per cent brighter than three months ago, and that all that is necessary is to acquaint the people with the true conditions at Washington.

## GOV. BALLARD GIVES SALARY TO BERECA

Two members of the legislature at least have decided to put their money to a good use as Lieut. Gov. Ballard has sent his warrant for \$1,150.13 to Berea College, and Senator Clarence Miller, of Irvine, sent his warrant for \$600 to the Methodist church at Irvine. Gov. Ballard has a great fondness for Berea College. He made his first political speech in that city, when he opened his campaign to help put the republican state ticket across last fall. He learned while there that a building was needed for a certain branch of the Domestic Art School, and it is expected that the fund he has donated will be used to help build it.

## THREE PRISONERS BREAK OUT OF JAIL

Three more prisoners got away from Jail Burgess at the county jail one night this week. Plumbers who are installing the heating plant in the jail left tools where the prisoners could get them, and three men quickly took advantage and obtained their liberty. They were Houston Quisenberry, who was held on a charge of grand larceny, John Henry Tribble, held on the same charge, and Chester Crawford, who had only a few days more to serve on a petit larceny charge. Improvements will soon be made at the jail, it is understood, which are hoped to make it escape-proof.

## CAN'T MEET HEAVY FURNITURE DEMANDS

(By Associated Press) Greensboro, N. C., March 19—Demand for furniture throughout the country is of immense proportions and it is impossible to make the supply keep up with the demand, according to the manufacturers who attended the meetings of the National Council of Furniture Associations held here. There is every reason to believe, these manufacturers say, that the demand will be increasingly great in the future. At the same time it was agreed that the lumber shortage was the most serious difficulty confronting furniture makers and on material relief is in sight at present.

## FINE POINT RAISED IN NEW DRY LAW

Man Who Drove Car Carrying Moonshine, Denies Knowledge of Its Presence

On account of the mysterious absence of Tom Hill, a material witness for the prosecution, the cases against Ambrose Young, Estill Wallace and James, alias "Shorty" Hines, of Irvine, were continued Wednesday by U. S. Commissioner Warfield Bennett until March 20th. Officers for the prosecution openly say that they suspect Hill is being hidden by the accused men, who are charged with having transported moonshine whisky into Irvine, as was told in these columns a few days ago. Hill was the only one caught at the time, as he remained in the automobile, with the whisky, when officers approached it, while Wallace, Young and Hines fled, but were afterwards arrested by Marshal Philpot.

Young Wallace who was driving the car, which the others claim to have hired to bring in the moonshine whisky that they had bought out in the hills, says that he did not know that the men were transporting whisky, and therefore, it is contended that he cannot be held on the charge of violating the prohibition laws by transporting whisky. Commissioner Bennett did not pass upon the point, but it is said that he considers this a rather delicate point in the prohibition laws, and one that the courts will have to pass upon, inasmuch as a man's ignorance of the law, does not excuse him for committing any other violation of the statutes, as made and provided.

The cases against the three men will be called again by Commissioner Bennett, on March 30th.

## HUN SOLDIERS AND MINERS FIGHTING

(By Associated Press) Berlin is still under the rule of bayonets but troops loyal to the Ebert government patrol the streets. Kapp forces left the city yesterday.

Their withdrawal left chaos, however, as their rear guard turned against jeering crowds in Unter den Linden and fired many citizens being killed and scores wounded. More bloodshed occurred near the parliament buildings, while in Charlottenburg and other suburbs clashed resulted in the loss of life. Reports from Germany outside of Berlin, are of such a character it is hard to obtain a clear view of the situation. The Soviet government does not appear to have gained momentum.

### Ebert Officials Returning

Coblenz, March 19—The Ebert government will return from Stuttgart to Berlin tomorrow. The national assembly and Prussian diet have been convoked to meet in Berlin Sunday.

### German Miners Clash

London, March 19—Hundreds of persons were killed in German mining districts in collisions between miners and troops, according to a Central News Copenhagen dispatch. Telegrams from big towns in Germany, the message states, show that fighting is proceeding in nearly all thickly populated areas where soldiers and workers are opposed.

According to the reports from Bowling Green auto bandits who secured their seventh bank robbery in Kentucky since January 1 at Woodburn, where they secured \$9,600, are believed to have headquarters in Tennessee or Indiana.

### WHY COLDS ARE DANGEROUS

Your are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

#### NATIONAL POLITICAL GOSSIP

W. H. Marriott, who has just re-

been Private Secretary to Senator  
Beckham, is writing some mighty in-  
teresting national political gossip in  
the Elizabethtown News, of which he  
has been City Editor for a number  
of years. He is a nephew of Editor  
Harry Sommers. In a recent issue  
he had these timely notes:

There is a three-cornered race for  
the Democratic nomination for the  
Senate in Alabama to succeed Senator  
Bankhead, where nomination is equiv-  
alent to election. The candidates are  
Congressman J. Thomas Hoffin, Con-  
gressman Abernethy and former  
Governor Comer, who was appointed  
to fill the vacancy. It was generally  
presumed that Congressman Bank-  
head had his eyes on his father's seat,  
but so far he has not entered the lists.  
Hoffin is known as the best negro dia-  
lect story-teller in the South, and has  
in numerous campaigns in Kentucky  
regaled his audiences with his inimit-  
able style of humor. He was the  
bosom friend and companion of the  
late Senator James, and Kentucky  
Democrats generally will take an in-

for higher honors.

\$1,050 for 10,000 lines of political ad-  
vertising at 10 cents per line, which  
the defendant refused to pay. The Y.

Stomach muscles and digestive organs  
slow to act as age advances

MOST people find the years slipping by without realizing it, until suddenly confronted with the fact that they can no longer digest everything they would like to eat. It then becomes their daily task to avoid what they know to be chronic constipation.

When exercise and light diet fail it will be necessary to resort to artificial means. Strong physics and cathartics, however, are not advisable for elderly people. They act too powerfully and a feeling of weakness results.

What is needed is a laxative containing effective, but mild properties. This is best found in Dr. Caldwell's Syrup Pepsin which is a combination of simple laxative herbs with pepsin. It acts gently and without griping, and used a few days will train the digestive organs to do their work naturally again without other aid.

Dr. Caldwell's Syrup Pepsin has been on the market since 1892 and was the private formula of Dr. W. B. Caldwell, who is himself

past 80 years of age and still active in his profession. It can be bought at any drug store and one bottle is enough to last even a large family many months. It is a trustworthy preparation.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

## SAYS SHE THREW HER MONEY AWAY

Mrs. Parker Spent Hundreds Seeking Health—Tanlac Restores Her.

"My troubles have been completely overcome since I began taking Tanlac and I am enjoying the best health I have had in 20 years," said Mrs. M. Parker, of 223 East Third street, Los Angeles, California.

"I spent several thousand dollars for medicines and treatments she continued, 'but it was just money thrown away, for I never got any relief from my suffering until I commenced taking Tanlac. I was practically an invalid for 20 years and all my trouble was caused by the awful condition of my stomach. A great part of the time I was confined to my bed, simply too weak to be up. I could eat but very little, and that disagreed with me so I suffered terribly from gas. To make matters worse I was attacked by rheumatism in my arms and legs, which caused me no end of pain and misery. I never got a good night's sleep and became extremely nervous."

"Well, I have just finished my fourth bottle of Tanlac and it is wonderful the way I have improved. Why, I feel so well and strong I do all my housework without the least trouble. Last week I actually did the family washing and it has been years since I did a thing like that. My appetite is fine and nothing disagrees with me. I sleep restfully and get up feeling refreshed every morning. The rheumatism has entirely disappeared and Tanlac deserves every bit of the credit."

Tanlac is sold in Richmond by Stockton & Son.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. ## BAPTIST TALK ABOUT A NEW CHURCH

The Baptist Get-Together meeting at the First Baptist church last evening from six to nine o'clock was a most enjoyable occasion. The ladies of the church and congregation under the direction of Mrs. Harvey Chenault, had prepared a most delightful spread which was enjoyed by all present. The membership of the church was well represented, covering about one hundred members. The attendance, however, was cut down some on account of the unfavorable weather.

The pastor, Rev. O. Olin Green, presided as toastmaster. He expressed his appreciation of the large number present and said that this was an epoch-making occasion in the history of the First Baptist church. The object of the gathering was not so much to discuss plans or to raise subscriptions but to promote fellowship and to increase interest in the new church building enterprise. The plans for a new church have been adopted and the committees instructed to proceed with the letting of contracts as soon as a sufficient amount of money is raised.

for that purpose. Some subscriptions had already been made; some were made last evening; the finance committee will finish the work of securing subscriptions at once and report to the church in the near future.

Several of the members present responded to toasts in a most happy and fitting manner. Mr. A. K. McCown spoke on "What a Church Stands for in the Community." Dr. Sandlin, "Some Reasons for my Optimism;" Mr. L. P. Evans, "The New Church and our Present Needs," giving a history of the Sunday School since he has known it. Mr. Calvin Taylor, treasurer of the building fund, responded to a toast on "It can be done." Mr. R. C. H. Covington, who some years ago made the first contribution to the building fund, talked on "Keeping the Goal in View." Mr. Harvey Chenault, chairman of the building committee, spoke on "The New Church Building and the Future."

Interesting talks were also made by Mr. R. B. Mullins and Mr. Elvada Tudor. Mr. Tudor, while not a member of the First Baptist church, is very much interested in the success of the work and told how anxious he was to

## Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a God-send to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and joints and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.

see the new building project go thru. Mrs. H. M. Blanton sang very effectively "Ten Thousand Times Ten Thousand," which was very appropriate for the occasion because it helped those present to get to thinking in big terms for the new enterprise. Mrs. James Sheppard, who is always enjoyed, sang "It's Just Like His Great Love."

A healthy, full grown person has in the neighborhood of fourteen pounds of blood in his or her body. The weight of the blood varies with different people but it should not vary with the individual.
